WAN > MAC Address

Some ISPs require that you clone (copy) the MAC address of your computer's network card into the Router. If you a
simply clone the MAC address of the computer that was originally connected to the modem before installing the Ro
your MAC address will not cause any problems with your network. **More Info**

WAN MAC Address >   00 - 21 - 27 - CD - 02 - 54

Clone Computer's MAC Address >   [Clone]
