6052103 ATL Li-polymer battery 3200mah

Created Date:2012-10-08

Posted Date : 2012-08-29
Expiry Date : 2012-11-27
Min. Order Quantity : Bulk
Price : Negotiable

Brief Product Description

ATL 6052103 3.7V 3200mAh Lithium Polymer Battery Cell

Model number:6052103

Min Capacity:.3200 MAH

Voltage:3.7V

Product Attributes

No information has been provided.

Detailed Product Description

ATL PL 6052103 polymer Lithium-ion Rechargeable Battery

Product Description

ATL 6052103 3.7V 3200mAh Lithium Polymer Battery Cell(or polymer Lithium ion secondary cell)

Product Specification

Model: ATL PL6052103

Nominal Capacity: 3200MAH

Nominal Voltage: 3.7V

Charging Method: CC-CV

Charging Voltage: 4.2V

Charging Current: Std. 1600mA

Charging Time: 3hrs

Size: Max. 6.0*52*103mm

Application

Mobile phones(CDMA, GSM, W-CDMA etc.)DSC, MD/MP Player, cordless phoneGPS, portableDVD, PDA, Cellular phone, notebook, earphone, bluetooth devices, MP3, MP4, RC toys, Power-driven tools & toy, camcorder, digital camera, head set stereo, handy terminal, mini disc player

Major Features

- 1)Excellent safety performance
- 2)Light weight:The Li-Polymer cell is 40% lighter than the same of steel liquid lithium cell and 20% lighter than aluminium shell liquid lithium cell.
- 3)High capacity:The Li-Polymer capacity is 10-15% more than the same steel shell or aluminium shell liquid lithium in cell.
- 4)Low internal resistance
- 5)Excellent discharge performance
- 6)Simple PCB design:high security and not enough to explode due to polymer material,the PTC and fuse can be omitted for cost reduce

Other Information

Original Packed

Brand new

Date code : NEW

Payment:T/T in advance

Product Description

---Shenzhen Victpower Technology Co.,LTD  Powered by GongChang.com

Delivery :UPS,TNT,EMS,Airline,Boat

Origin :CHINA

Minimum Order :300pcs

Packaging :300pcs/carton

if u r interested in the product ,pls leave ur email in text form

Company Profile

ShenZhen Victpower Technology Co.,Ltd was established in 2002,which is a high-tech enterprises on development,production and marketing cylindrical lithium battery,square lithium battery,charging devices and integrated power solution, and at the same time deal with the importation of international brand lithium battery,UPS power supply etc

....The main industry of Victpower 聽聽 is battery which widely is used on mobile communication products,notebook computers,digital cameras,camcorders,mobile DVD,electronic toys and lighting products etc...

Management System: Victpower 聽聽 insist to implement the policy "extension market by service,development by quality" and consider quality as the lifeline of corporate's survival and development.We import raw materials from Japan,South Korea and European countries and cooperate with some importation enterprises for battery mandril .We have independently researched and developed the multi-functional,rapid and accurate test equipment,which makes a 100% rigorous testing to all battery accessories,semi-finished and finished products in production,in order to ensure 100% pass rate.

Company Name : Shenzhen Victpower Technology Co.,LTD.
